OPTIPASS

A premix of essential oils and plant extracts with minerals and sources of soluble protein

Advantages of the product

- Decreases protein degradability in the ration
- Increases the amount of protein by-pass
- Decreases the level of ammonia in the rumen and urea in milk

Benefits for the animal and livestock farm

- Better use of the protein in the ration by the cow
- Reduction of animal problems due to excess urea in the blood: hepatic overload, somatic cells and low fertility
- There is no extra cost in the ration
- Mode of use: replace 500 grams of soybean meal in the ration by 100 grams of OPTIPASS per cow per day

Increased profitability of dairy cattle farms
