

# AVIATEG

A premix of essential oils,  
plant extracts and acids to improve  
feed digestibility in broilers and layers

Natural Product  
Antibiotic Free

With natural essential oils

**TEGASA**

ANIMAL NUTRITION SINCE 1965

# AVIATEG

A premix of essential oils, plant extracts and acids to improve feed digestibility in broilers and layers

## Advantages of the product

### Integral mode of action

- In the feed, reducing the pH
- In the crop, proventriculus and gizzard, generating a rapid adjustment of the acid pH, thus favouring the action of pepsin
- In the small intestine, through its ability to penetrate into the cell cytoplasm
- In the microvilli, where the volatile fatty acids are used as an energy source to increase epithelial regeneration and the absorptive surface

## Benefits for the animal and farming business

- Antimicrobial and antifungal effect, which helps feed preservation and hygiene
- The decrease of the pH helps promote gastric digestion
- Bactericidal action in the intestine
- Growth promoting effect

↓

**Stimulation of growth and improvement in FCR in broilers**  
**Improves feed digestibility in laying hens**
